The project management fee on projects over \$6,000,000 is 1.15% of the project cost. The maximum Energy Program termination fee is \$25,700.

1. These fees cover project management services for energy/utility conservation projects managed by Enterprise Services’ Energy Program.
2. Termination fees cover the selection and project management costs associated with managing an ESCO's investment grade audit and energy services proposal. No termination fee will be charged unless Client Agency decided not to proceed to construction based on an energy services proposal that identifies projects that met Client Agency’s cost effectiveness criteria.
3. If the project meets Client Agency’s cost effectiveness criteria and Client Agency decides not to move forward with a project, then Client Agency will be invoiced per the above listed Termination Fee or \$25,700 whichever is less. If Client Agency decides to proceed with the project then the *Agreement* will be amended to include the Project Management Fee listed above.
4. If the audit fails to produce a project that meets Client Agency’s established cost effectiveness criteria, then there is no cost to Client Agency and no further obligation by Client Agency.
